

Telepsychology Competencies Credential

TCC 2.0 Planner

Brought to you by...

NATIONAL REGISTER
OF HEALTH SERVICE PSYCHOLOGISTS

Congratulations! You're on your way to becoming telepsychology certified! This credential will provide your patients with peace of mind knowing you're qualified to perform their care remotely. The **Telepsychology Competencies Credential (TCC)** consists of 35 units in total - 30 core and 5 elective - but you'll have access to ALL 54 units of content. You will earn a minimum of 22 CEs and a maximum of 44 CEs. Only webinars are CE-eligible after passing the required exam and taking a brief survey.

Use this handy **TCC 2.0 Planner** to navigate your way to successfully completing your TCC. **Please Note:** If you've already taken any of the webinars noted below hosted by either The Trust or the National Register within the last 2 years, you can receive credit towards your TCC for up to 7 of those webinars. Simply submit your certificate(s) of completion to seminars@trustinsurance.com.
